Key Activities

TRAINING PROGRAMS

We conducted group training programs on Agroforestry for farmers at Wada, Ghodegaon., Dhamari and Kawathe Yemai. Our team shared insights on the importance of Agroforestry in saving soil health and supporting economic resilience for farmers.

Over 300+ farmers attended the programs, and we are implementing Agroforestry intervention on their 150 acres of farmlands this year.

AWARNNESS CYCLING TOUR ON 'MILLETS FOR ALL'

Our founder Siddhesh Sakore and his friend Raghunath went on 3 days awareness cycling tour from May 26th to May 28th, 2023. They covered total of 680 kms from Pondicherry to Kerala.

During their tour they Spreaded the word about the incredible benefits of millets across three beautiful states

'BHUMI PUJAN' CEREMONY AT FARM

We had the inspiring Bhumi Pujan ceremony at our one of the farmer, Sudhir Palande's farm, which marked the beginning of the transformative journey of implementing our project 'Sahajeevan Agroforestry' by initiating pit digging for plantation.

AGRO RANGERS HAS BEEN FEATURED IN YOURSTORY.COM'S SOCIAL STORY

We are happy to share that AGRO RANGERS has been featured in YourStory.com's social story! As a startup focused on promoting regenerative organic farming practices in India's agricultural sector, we are proud to be part of Cohort 9 of The Nudge Institute Incubator.

TEAM NISARG FOUNDATION VISITS AGRO RANGERS

Chirag Kathrani, Panelist at Nisarg foundation, and Vikrant Shrivastava, CEO of Nisarg foundation, along with their dedicated team members.

We were thrilled to showcase our progress and project updates to them during their recent visit. We also had the privilege of sharing insights into our ongoing 'Sahajeevan Dryland Agroforestry intervention' to them.

A SUSTAINABLE SHELTER FOR 'GROWTH'

We have created a temporary structure, crafted with care and using the wonders of bamboo and shade net. This creation is designed to nurture and safeguard the saplings from animals destined for our groundbreaking 'Sahajeevan Agroforestry Project.' Also, we have started distributing drip irrigation material to the farmers and soon to be starting distributing samplings.

NEXT 3 MONTHS PLAN

Next three months plan-

1. To dug pits for 150 acres of farmland to prepare it for plantation..
2. To distribute drip irrigation system and install it on 150 acres of farmland.
3. To distribute selected agroforestry saplings at farmland locations.
4. Collect soil samples of selected farmers for soil testing.

"Thank you so much to all our donors, friends, partner organizations, supporters and **AGRO RANGERS** team who made our work possible. We believe one day we will achieve our vision of rejuvenating soil and generating sustainable livelihoods for farmers. I would like to invite you to be part of our journey by contributing financially, volunteering and in collaboration.
